With its twelve rooms, it's a perfect friendly little hotel for many occasions. Ideal as a holiday hotel for single travellers, couples or groups. The hotel is modern and equipped with double glazed windows, earthed outlets, fire alarms, emergency lights and Wireless Internet.

All rooms are very fresh clean double rooms with shower or bath, toilet, AC, heating, TV and a small balcony. The three rooms on the ground floor do not have a balcony, but are wheelchair friendly.

On the roof of the hotel, there is a sun terrace with deck chairs and a private pool. There is an excellent view of the beautiful mountain range as well as the sea. There is a separate part with sets of tables and chairs where you can hold meetings or enjoy a drink whilst admiring the sun setting over the mountains.

The hotel's bar is an obvious gathering point. In the Adventure bar, we serve an abundant breakfast buffet and in the evening, you can relax with snacks and drinks in a comfortable atmosphere.

For groups and conferences, you have access in San Miguel to the best course room in Nerja. Big enough to fit everyone staying in the hotel and complete with all equipment for courses and conferences, such as climate system, DVD, videoprojector and Wireless Internet (WLAN) with 4Mbps. The room can, of course, be transformed into a party room, therapy room, cinema or whatever is of use to your group. If you rent the whole hotel, you can have access to this around the clock.

For example athletic groups may have use of our laundry room with three washing machines and a dryer.

The personnel at San Miguel are Swedish and are all fluent in English and Spanish. We are at your service for planning your stay or activities before you come or can help you with whatever you need during your stay.
