Hostal San Miguel **

Course/Conferences

Hostal San Miguel in Nerja offers a complete and modern room for

courses and conferences. It takes 18 persons in a conference sitting and 25-30 with a course sitting. It has comfortable chairs with boards for taking notes and is fully equipped with modern technology as sound system, DVD, video projector and powerful climate system. The room may also very well be used as a cinema.

Together with the conference room we have a bar/cafe at the group's service. Here you can work in small groups or end the day together in a relaxed way.

The course room and the bar are perfect resources for groups staying at the hotel but may also be rented separately. Welcome!
